

Haulage Specification

Forage Aid is a charity that was set up by farmers to help farmers in times of need. Specifically, the Charity arranges for donations of feed, forage and bedding to be delivered to farmers who have been affected by a severe weather event and there is a 'clear and present risk of livestock suffering', always ensuring animal welfare is at the forefront of the Charity's aims. The Hauliers are an integral part in the effective running of the charity and are essential in the support at a local level to ensure the Charity's aims and objectives can be carried out effectively during times of crisis.

The services are offered on a completely voluntary basis with no monetary reimbursement. In recognition of this huge commitment, the public will see which haulage companies are helping to save animals lives as there will be extensive local and national recognition with TV, press and social media exposure. Each haulier will work very closely with our haulage logistics co-ordinator and regional co-ordinators on the ground, wherever the crisis maybe. We will have forklifts and personnel based at these farms to unload the lorries to ensure a rapid turnaround.

Key Requirements of the Haulage Company

- Understanding of the farming industry
- Mobilise quickly and efficiently following agreement with Branston Limited
- Agreement to cover National or specific geographical areas
- Uphold the reputation of the Charity with farmers and local stakeholders

Data Protection & General Data Protection Regulations (GDPR)

By returning this, you consent for Forage Aid to hold your professional and personal data (name, address, telephone number, mobile number, email including email exchanges and associated haulage logistics) for the duration of our relationship, plus a maximum of 24 months, for the uses stated in the Privacy Statement. This data is held on our computers, online and in filing cabinets and we take measures to protect all of these. This does not bind you to any form of contract. If you would like your contact details removing, please email to info@forageaid.org.uk and we will do so immediately.
